

Product Information

EUROPEAN UNION’S REACH REGULATION

The European REACH Regulation 1907/2006 on Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) affects companies producing, importing, using, or placing products on the European market. The aim of the REACH regulation is to ensure a high level of protection of human health and of the environment from chemical substances.

The following Bosch Connected Devices and Solutions GmbH products are complex articles composed of articles that are supplied to BCDS. The assessment if an article contains more than 0.1% (w/w) of a substance of very high concern (SVHC) from the ECHA candidate list as defined by REACH Article 57 Annex XIV is an ongoing process and dependent on the availability and accuracy of information that suppliers of articles have provided to BCDS.

The result of the assessment is:

| Product | SVHC with >0.1% w/w | Location |
|----------------|----------------------|----------------------|
| XDK110 | Lead (CAS 7439-92-1) | Main PCBA, TVS diode |
| XDK Ext xxx | no | |
| TEP110, TEP120 | no | |
| PLSxxx, TPS110 | no | |
| TDL110, TDL140 | no | |
| CISS, CISSxxx | Lead (CAS 7439-92-1) | Main PCBA, TVS diode |
| LMD110 | no | |
| TLS110 | no | |

(x can be any character)

For more details on concerned products refer to the ECHA SCIP data base for dossiers XDK110 and CISS.
